BAILEY RESIGNS

**COLQUITT APPOINTS R. M. JOHNSON
TO FILL UNEXPIRED
TERM.**

Washington, Jan. 3.—Senator Bailey resigned this afternoon from the United States senate. He tendered his resignation to Senator Gallinger of New Hampshire, the president pro tem of the senate, in the following communication:

"Senate, Washington, D. C.—Hon. J. H. Gallinger, President of the United States Senate, Pro Tempore, Dear Sir: I hereby tender my resignation as a Senator from Texas. J. W. BAILEY."

This is a literal reading of the note of resignation, the word "of" in the phrase "resignation of as a Senator" being an error which Senator Bailey failed to correct. Mr. Bailey's resignation bears no date.

Immediately following this action Senator Bailey telegraphed to Gov. Colquitt notice that he had resigned. Senator Bailey's telegram to Gov. Colquitt is quoted from memory as follows:

"I have this day tendered my resignation as a United States Senator to the President Pro Tem of the United States Senate and notify you by telegraph in order that you might appoint my successor at the earliest possible moment."

Senator Gallinger could shed no light on the manner of Senator Bailey's resignation. He said that when he reached his committee room he found Senator Bailey's letter awaiting him. He had been informed by one of his clerks that the communication had been handed in about 2 o'clock.

Fortify Yourself

AGAINST pneumonia and similar troubles by breaking up a cold before it gets a good hold on your system. In other words, nip a cold in the bud, then you will not have to worry about its future stages.

**Rexall
COLD TABLETS**

Are the best thing in the world to break up a cold. They have the advantage of similar preparations because they are made for one specific purpose—that of curing colds. They strike at the root of the trouble, equalizing blood conditions, and opening the pores so that the body can breathe and purify itself once more.

Rexall Cold Tablets positively cure colds, grippe and catarrh. They also prevent diphtheria, pneumonia and bronchial troubles. You should never be without them.

this afternoon. He received it about 4 o'clock.

"I shall have the communication read in the senate shortly after the session opens tomorrow noon and it will thus go into the records," said Senator Gallinger.

"It is a valid resignation, the matter of resigning to the presiding officer of the senate or to the governor of the state being one of choice."

It is reported here that Gov. Colquitt has already forwarded to Washington the commission, naming R. M. Johnston of Houston as Senator Bailey's successor. This commission is expected here Monday forenoon, which would be in time to enable Mr. Johnston to be sworn in Monday noon. Mr. Johnston, accompanied by Messrs. H. B. Moore of Texas City and Charles M. Rein of Houston, arrived here this morning.

Senator Bailey's resignation came immediately after a conference held between the Senator and Mr. Johnston and some of Mr. Johnston's friends. What took place at that conference has not been disclosed.

LON FRAME GETS FAVORABLE REPORT

Oklahoma City, Jan. 4.—By a vote of five to two, the special senate committee investigating the board of affairs Thursday night recommended the confirmation of Lon Frame as a member of the board of affairs.

The committee held an executive session discussing the merits and demerits of the conduct of the members of the board as had been disclosed by the testimony.

The vote stood: Ayes, Franklin, Carpenter, Jones, Echols and Barefoot; nays, Thomas and McIntosh.

There will be two reports from the investigating committee to the senate, a majority and minority report. These reports must be placed with the senate before 12 o'clock Tuesday, or else the appointments unconfirmed will expire.

The committee has not finished yet with the game-warden's office, but will probably do so Saturday or Monday.

VETERANS WILL MEET SUNDAY

Sunday afternoon, at 2:30, the regular monthly meeting of Wm. L. Byrd Camp, U. C. V., will be held at the court house. This will be a very important meeting, for new officers are to be elected and much other business transacted. Commander Crow urges a full attendance.

DON'T KNOW THEY HAVE APPENDICITIS

Many Ada people who have chronic appendicitis, which is not very painful, have doctored for years for gas on the stomach, sour stomach or constipation. The Ramsey Drug Company states if these people will try A SINGLE DOSE of simple buckthorn bark, glycerine, etc., as compounded in Adler-i-ka, the remedy which became famous by curing appendicitis, they will be surprised at the QUICK benefit.

AWFUL CRIME AT KEIFER

**POSSES LOOKING FOR FIEND WHO
ASSAULTED AND MURDERED
GIRL.**

Keifer, Okla., Jan. 3.—Beaten over the head with a rock until she was unconscious little nine-year-old Ella Brown was left to die on a rocky bluff a quarter of a mile from her home some time early this morning. After searchers had looked for the child since she disappeared while on her way from a grocery store to her home Thursday afternoon, Mat Blair found the girl hidden under some bursh at 3 o'clock this afternoon. The child was given medical attention but died an hour later, without regaining consciousness.

Tonight three men are in the small city jail here while a posse of a hundred men in automobiles and on horse back at midnight were looking in wait for a farmhand, known to have left the house where he stayed four miles from town at 5 o'clock this morning, supposedly to go to Mounds. Twice tonight bloodhounds have followed a trail that led to this house.

The situation in the town is beyond description. No one has had any sleep since early Thursday night. Men, women and children joined in the search for the child, and when she was found women and children became frantic, some of them fainting, while their husbands and brothers picked up arms and began a systematic search for the brute who assaulted the girl.

A tramp was at first picked up merely because he looked suspicious. To give him company in jail an old man was arrested because he could not satisfactorily explain his actions last night. Later a drug fiend, well known

Two hundred angry men surrounded the jail. Nearly all of them are armed. City Marshal C. B. Modern Woodmen to Celebrate.

Rock Island, Ill., Jan. 4.—The Modern Woodmen of America, the largest fraternal beneficiary society in the world, will be thirty years old tomorrow. Advice received at the general headquarters of the order in this city indicate that the anniversary will be appropriately celebrated by the local camps throughout the country.

The first lodge of the society was organized on January 5, 1883, at Clinton, Iowa, with fewer than a dozen members. At the present time the total membership of the fraternity is considerably in excess of 1,000,000. Local camps exist in every state, with the exception of two, and in four western provinces of Canada. In the thirty years of its existence the order has paid out nearly \$116,000,000 in benefits.

Mrs. Albert Folsom and daughters, Misses Ollie and Lucy, of Milton, LeFlore county, are the guests of Gov. and Mrs. W. L. Byrd. Miss Ollie will remain here and enter the normal.

DYNAMITERS GRANTED BAIL

**CIRCUIT COURT GRANTS WRIT OF
SUPERSEDEAS AND FIXES
BONDS.**

Chicago, Ill., Jan. 3.—Bonds aggregating \$1,100,000 must be given if the thirty-two of the thirty-three labor leaders convicted of conspiracy to transport dynamite are to take advantage of the granting of a writ of superseas by the United States Circuit Court of Appeals in this city today.

Whether this amount can be obtained was admitted by counsel for the defendants to be a matter of doubt, but they expressed the belief that at least some of it could be procured—enough to accomplish the liberty of President Frank M. Ryan and a few others until decision has been reached on an appeal, for the filing of which the court allowed sixty days.

The decision involves only thirty-two of the thirty-three men now in the Leavenworth penitentiary, as Herbert S. Hockin, designated among his fellow-prisoners as the "informer" will not appeal.

Judges Baker and Seamen heard the arguments and the decision was given orally by Judge Baker. He took occasion to intimate that undue haste was manifested at Indianapolis in committing the defendants to prison.

The writ was issued largely on the point raised by the defense that the iron workers were convicted of a continuing offense, a conspiracy to commit offenses continually.

LIVELY FIGHT FOR U. S. SENATE

Little Rock, Jan. 3.—The death of United States Senator Jefferson Davis on the eve of the ratification of his re-election by the legislature, creates a peculiar political situation in Arkansas, and while an authoritative statement has not been made, it is thought probable that a special primary will be called to select a successor for the full term beginning March 4 next. This course is pointed out as the logical solution of the question by a number of party leaders while others are of the opinion that the legislature would have the power to name his successor.

Senator Davis was nominated over former Congressman Stephen Brundidge last September by a majority of 10,000 votes.

Governor George W. Donaghey, who will retire from office January 13, when the legislature convenes, and Congressman W. A. Oldfield had already tentatively announced that they would be candidates for the United States senate two years hence to succeed Senator James P. Clarke.

Important Case to Be Argued.

Washington, D. C., Jan. 4.—A formidable docket will face the Supreme Court of the United States when it reconvenes Monday after the holiday recess. It is considered likely that some important decisions may be handed down on the opening day. The decision in the state rate cases and the decision as to the rights of the Union Pacific stockholders in the distribution of the Southern Pacific stock are the decisions that are awaited with most public interest.

Among the important cases docketed for argument before the Supreme Court on the opening day is the suit of the Minehill and Schuylkill Haven Railway Company against the collector of internal revenue at Philadelphia. This suit involves the government's right to impose a tax upon corporations that have leased their properties, which right has been denied by the lower court. The issue, if finally decided against the government, will involve the loss of many hundred thousand dollars in revenues since there are thousands of large corporations which have leased their properties and which will be affected by the decision.

F. W. Russell returned from Gainesville Friday afternoon. The specialists he consulted were of the opinion that an operation at this time would be unsafe.

SHAW'S

Hyde May Escape Second Trial.

Kansas City, Mo., Jan. 4.—The second trial of Dr. B. Clarke Hyde, convicted after a sensational trial, of the murder of Colonel Thomas H. Swope, a millionaire philanthropist, is scheduled to begin in the criminal court here Monday, but it is thought likely the case may not be called. District Attorney Virgil Conkling, who conducted the successful prosecution of Dr. Hyde at the first trial, died a short time ago, and many persons are of the opinion that the physician never will be called upon to stand trial a second time.

The Hyde case is one of the most famous in the criminal annals of Missouri. In March, 1910, Dr. Hyde was indicted for the alleged murder of

Colonel Swope and the latter's nephew, Chrisman Swope. Another indictment charged him with manslaughter in connection with the death of James M. Hunton, a cousin of Col. Swope. Dr. Hyde's wife was a niece of Col. Swope, and the motive for the alleged wholesale murders was to remove all who stood between her and the Swope fortune. The physician was tried and convicted for the murder of Colonel Swope. Later the Missouri supreme court set aside the sentence of life imprisonment and ordered a new trial. Since that time Dr. Hyde has been at liberty on bail.

While digging a trench for a pipe line near Nowata, a laborer unearthed a hoard of \$37,500 in gold and silver coins. Another proof of the fact that there is big money in Oklahoma real estate.

Senator Owen and other prominent Democrats are urging the appointment of Robert A. Rogers of Oklahoma City as secretary of the interior under the Wilson administration. Oklahoma is really entitled to this office, being more intimately connected with it than any other, and the News would be highly pleased to see Mr. Rogers or some other aggressive Oklahoman given the portfolio.

The Wewoka Democrat says that for the most part the state officials of Oklahoma are good, well meaning men, but that every fellow has altogether too exalted an opinion of his own importance and filled with an overweening disposition to convince the people of his loyalty to their cause by punching the heads of the other departments. Editor Harrison advises them to cut it out and every fellow attend to his own business.

Last evening it was the pleasure of the News reporter to hear the wonderful music of Bingham & Gable at the Majestic and he does not hesitate to give it his unqualified endorsement and sincerest praise. Those people are real artists and their music would please any one. This evening they will make their final appearance, and those who fail to attend will miss a real treat. BRITONS CELEBRATE BIRTH OF PITMAN

London, Jan. 4.—In all English speaking countries, throughout the world the centenary of the birth of Sir Isaac Pitman, inventor of phonography, the parent system of modern shorthand, was celebrated today with appropriate exercises. The celebration in this city, which was held under the direction of a committee headed by Sir Thomas Crosby, Lord Mayor of London, included exercises in all schools where shorthand is taught and a large gathering and banquet with addresses by noted exponents of the Pitman system and many public men interested in stenography.

In New York also, a celebration was held, under the auspices of a committee including many men of note, among them President-elect Woodrow Wilson, Andrew Carnegie, President Hadley of Yale University, Dr. William H. Maxwell, Prof. Brander Matthews, George B. Cortelyou and many others.

Isaac Pitman was born in the little town of Trowbridge, England, on January 4, 1813. His father, Samuel Pitman, was overseer in one of the numerous cloth mills of Trowbridge, and raised a family of ten children, six of whom later became teachers. Isaac was sent to the grammar school of Trowbridge to receive the rudiments of an education, but showed no particular brilliancy in his attainments. Owing to the poor ventilation in the school young Isaac's health broke down and at the age of thirteen he was compelled to leave school.

After leaving school Isaac was employed in the office of the mill of which his father was overseer and in the evenings his father, who had a good education, taught the boy and enabled him to advance rapidly in his studies. In August, 1831, Isaac decided to take up a course in teaching and went to London where he entered the British and Foreign School Society's College. In January, 1832, at the age of 19, Isaac took charge of a school at Barton-on-Humber, a market town in North Lincolnshire, and four years later he removed to the town of Wotton-under-Edge, where he established and managed a school with much success.

While conducting his school at Wotton-under-Edge, Mr. Pitman took up the study of Taylor's system of shorthand, and finding it a great time-saver, he urged upon his students to take up the study of the system. As there was no cheap textbook of the system on the market, Pitman tried to induce Samuel Bagster, a Bible publisher, to publish one. In the spring of 1837 he even forwarded to Bagster, the manuscript for a cheap manual of Taylor's system, but Bagster suggested to him to invent a system of his own.

In accordance with this suggestion Pitman began to experiment in the construction of shorthand alphabets, at first adhering to the system used by Taylor, but soon evolving a system of his own, in which he aimed at expressing sounds rather than letters of the alphabet. On November 15,

1837, the first edition of the Pitman system was issued from the press under the title "Stenographic Sound Hand." This was a little twelve-page pamphlet in ordinary type with two additional pages of lithographed plates in shorthand. Copies of this work are now extremely rare, only fifteen known to be extant.

Shortly after the publication of his pamphlet, Mr. Pitman was summarily discharged as head of his school on account of differences with the school committee of the town in regard to religious views. Mr. Pitman went to Bath and there opened a private school at 5 Nelson Place. The second edition of his booklet was published on January 10, 1840, under the title "Phonography," and soon thereafter a third edition became necessary. Isaac Pitman worked strenuously to make his system, which he continued steadily to improve and simplify, known throughout the country. He traveled extensively during vacation time, lecturing upon the advantages of phonography, and created so much interest in the subject that the monthly magazine first published in January, 1842, became a success. The first phonographic society was founded in 1843. In the following year his system was introduced in America and since then it has spread throughout the English speaking countries of the world. It is used not only commercially, but also for reporting the proceedings of every court and every legislative body, in which the English language is spoken.

In 1894 Queen Victoria conferred the honor of Knighthood upon Mr. Pitman, in recognition of the great value of his invention. On Friday, Jan. 22, 1897, Sir Isaac died and, in accordance with his wishes, his remains were cremated. His portrait, painted by A. S. Cope, A. R. A., was hung in the National Gallery.

SOCIETY

Bridge Club.
Friday afternoon the Morning Bridge club was entertained at the home of Mr. and Mrs. W. W. Sledge by Miss Fannie J. Allen, one of the most popular hostesses of the younger society circles of Ada.

An Afternoon at "Tarry-a-While."

The year of 1912 was delightfully ended by a reception-party with Mrs. E. C. Hunter at her beautiful suburban home south of the city. The occasion was in honor of the two brides Mrs. Henry Johnson, the sister of the hostess, and Mrs. Herbert Cooper.

The guests were met at the door by Mrs. Sledge and were assisted with their wraps by Mrs. Chas. W. Briles. From this room Mrs. Blanks ushered them to the receiving room where they were met by Mrs. I. M. King who presented them to Mrs. P. A. Norris who in turn introduced them to the receiving line. The line was composed of Madames Hunter, H. S. Johnson, Capper, Miss Johnson, W. B. Johnson, Mason, Johnson Sr., Douglass and Reich.

The two honorees wore their nuptial gowns which were made of white satin.

From the line Mrs. Hart showed them to the dining room which was decorated beautifully in holy and mistletoe. In the center of the table there was a cedar Christmas tree laden with New Year's score cards. Mrs. Ebey and Mrs. Gwin presided at the table and were assisted by Miss Johnson, Lewis and Sledge. After being served with tea they took score cards from the tree and found places at the tables. After several games of 42 a delicious course was served consisting of pressed chicken, olives sandwiches and coffee.

At a late hour the guests reluctantly departed wishing Mrs. Hunter and the brides indeed a happy year of 1913.

HEALTHY WOMEN SCARCE

Is the Verdict of Scientific Investigation.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thing, nervous, tired and demoralized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. W. G. Ritchie, Patchogue, N. Y., says: "Vinol is certainly the best tonic I have ever taken. I was run down and tired all the time, but, thanks to Vinol, I am feeling all right again."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Gwin

"K-B" TWO REEL FEATURE "FOR THE CAUSE"

It is a pleasure to commend the stirring war pictures made by this company, such as the above offering. It would be a captious critic who would quarrel with the California setting for these tense, vivid scenes. There is such a wealth of scenic detail, careful costuming and splendid acting, if anything, there is an improvement over the "true Southern battle ground." This film reveals tremendous distances, with files of soldiers sharply outlined against the sky, bursting bombs, and all the paraphernalia of actual warfare. Even the horses fall and lie struggling as though trained to the work. The plot is interesting and well handled by the principals. A fine offering. One of the finest features we have ever had.

LIVELY POLITICS IN WEST VIRGINIA

Lively politics in West Virginia—18... Charleston, W. Va., Jan. 2.—In compliance with the call of Governor Glascock the West Virginia legislature assembled today in extraordinary session, the sole purpose of the special session is to take up the question thereby abolish the existing fee system of county officers salary law and term, under which the sheriffs and the county clerks are declared to receive revenues out of all proportion to the services rendered.

The gathering of the lawmakers for the special session marks the beginning of a period of political activity that promises to be the liveliest seen in West Virginia since the memorable senatorial struggle in 1898. As in that year the interest again centers in a contest for the United States senatorship.

The regular session of the legislature will begin next Wednesday. Two weeks later the two houses will proceed to the election of a United States senator to succeed Clarence W. Watson, whose term will expire next March.

In the November election West Virginia was conspicuous for resisting the Democratic landslide, and as a result the Republicans captured the legislature by a substantial margin. Consequently Senator Watson's seat is a prize sought by half a dozen ambitious Republicans, and a hot fight is on, with a legislative deadlock as a possibility.

The opposition that exists between the regular Republicans and the Progressives and the possibility that the Democrats are two matters that latter may effect a combination with serve to make the senatorial contest an exceedingly complex affair and the outcome uncertain. As matters now stand the Progressives are generally conceded to hold the key to the situation.

The Progressive candidates for the seat of Senator Watson are Williams, S. Edwards of Charleston and former Congressman W. P. Hubbard of Wheeling. In the regular Republican

camp the names most frequently mentioned in connection with the senatorship are those of Davis Elkins of Morgantown, Isaac T. Mann of Bramwell and former Governor A. B. White of Parkersburg, but only the first named two are waging aggressive campaigns. In the event of a deadlock Circuit Judge John W. Mason of Fairmont and several others are expected to loom up as candidates.

William S. Edwards is the man whom the other candidates believe they will have to beat in order to win the toga. Edwards is generally looked upon as the leading choice of the Progressives. He is related to Colonel Roosevelt through marriage and is a close friend of former Governor Dawson, the third party State chairman. Governor Glasscock also is classed as an Edwards supporter.

Davis Elkins, who can be counted on to put up a hard fight, is a son of the late Senator Stephen B. Elkins. Following the death of his father the younger Elkins served for a short time in the senate by appointment and he has a strong desire to return to that body. He is making a bid for the votes of the northern counties on geographical lines. His candidacy is supported by the wealth and influence of his grandfather, the venerable Henry G. Davis, who in his time held every important office within the gift of the State of West Virginia.

Former Congressman Hubbard is a consummate politician and can be counted on to divide the strength of the Progressives with Mr. Edwards. Isaac T. Mann has been on the senatorial waiting list for several years and has been able to muster a potential following heretofore in the southern counties, but it is regarded as doubtful now if he can overcome the

CASTRO ASKS FOR HABEAS CORPUS WRIT

New York, Jan. 3.—The Federal Courts were invoked today in behalf of Cipriano Castro and a writ of habeas corpus was granted to bring him before a judicial tribunal which may determine the cause of his detention at this point. It was alleged in the application that the former president of Venezuela was being illegally held at the immigration station on Ellis Island here where he has been detained since his arrival on a French liner last Tuesday, and the court will be asked to set him at liberty. The writ is returnable Jan. 10 before Federal Judge Holt, who granted it today.

This evening the De Sota will present another of its popular two-reel attractions. This one is entitled, "For the Cause, and is a war drama of exceptional merit, such as is seldom seen anywhere. Every detail of the battle is portrayed, bursting bombs, charging soldiers and all the rest of it. To make it still more real Williams & Rose will be there to interpret every movement with their wonderful music.

For real attractiveness and beauty the calendar presented the News by the Oklahoma State bank is right up toward the top of the list. A beautiful western scene in which a dashing girl of the Golden West is the central figure.

DON'T PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back The Natural Color

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is old-fashioned "sage tea," which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

NEWS FORECAST OF THE COMING WEEK

Washington, D. C., Jan. 4.—The possibility that a decision may be handed down in the state rate cases lends additional interest to the reconvening of the Supreme Court on Monday, following the holiday recess.

The Ways and Means Committee of the House will on Monday begin its series of hearings on the all-important subject of tariff revision. The hearings will be by schedule, beginning with chemicals, oils and paints, with subsequent dates arranged for the hearings on the various other schedules and the free list. In this way it is expected that most of the preliminary work may be in hand by the end of February so that the work may then begin on the drafting of the measure or measures for tariff reduction in readiness for the extra session beginning in March.

During the week another important series of hearings will begin before the subcommittee of the House Banking and Currency Committee, which is seeking a substitute for the Aldrich currency plan. Many noted financiers and economists have been invited to appear before the committee and give their views.

The subcommittee of the House Banking and Currency Committee which is conducting the "money trust" investigation, which adjourned for the Christmas holidays after examining J. P. Morgan on Dec. 19, will reconvene Monday and will cover the remaining ground of the inquiry as rapidly as possible.

The trial will be resumed in Cincinnati Monday of President Patterson and other officials of the National Cash Register Company, who are charged with having violated the criminal section of the Sherman anti-trust law.

A Democratic caucus of the House will be held Tuesday to fill committee vacancies. The most important seats will be one of the Ways and Means Committee vacated by Representative Hughes of New Jersey, one on the Appropriations Committee vacated by Representative Cox, of Ohio, and the chairmanship of the Foreign

YOU CAN CURE AN OLD SORE BUT NOT WITH SALVES

Every old sore can be cured unless it be of a malignant cancerous nature. But no chronic ulcer can be cured by the application of salves or other external treatment. You must get down to the origin and cause before you can produce curative effects. Bad blood is responsible for old sores and the one certain cure therefore is a thorough purification and rebuilding of the circulation. As long as impurities are left in the blood they will be deposited into the ulcer to keep up the inflammation and irritation and nature can make no progress toward healing the place. Nothing is so sure to produce a cure of old sores as S. S. S. This is nature's perfect blood remedy, composed of the most healing and at the same time the most penetrating and blood-purifying properties. It removes every particle of morbid matter from the circulation and assists nature to increase the healthful, nutritious corpuscles of the blood. S. S. S. makes pure blood and pure blood is nature's unfailing cure for old sores. Book on Sores and Ulcers and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.
